### Bourgogne Aligoté 2003

---

**Grape Variety :** Aligoté

**Soil :** Mix of silt and chalk

**Site :** The area of production is located in the "departements" de Saône et Loire et de Côte d'Or.

**The Vintage 2003 :** An exceptionally early harvest end of August due to an unusual hot summer. Grapes were extremely well mature with high concentration.

**Tasting :** Pale gold colour. Floral fragrances enhanced by a mineral note. Crisp, well-balanced and mineral. Very refreshing.

**Food pairing :** Aperitif, mixed salad, and cooked pork meat "charcuteries".
